

dispatches giving details of the anti-American demonstration yesterday in Mexico City reached the State Department from United States Ambassador Wilson and Arnold Franklin the American consul general. Wilson confirmed the press reports that he had protested to the Mexican government of the violence against the American consulate and said the results offended American pride and said the riots grew out of the slaying of a Mexican Antonio Padriguez, at Rock Springs Tex. on November 3 for murdering a woman.

Franklin dispatch said the riotous students who trampled the streets cried Death to Americans and threatened the consul general.

He also told his students had pulled an American flag from a bus

"I'LL SIGN WATERFRONT ORDINANCE," SAYS MOTT

Chief Executive of Municipality Asserts S. P. Franchise Is Most Important Measure of Administration

Mayor Mott reports that he has not yet signed the Southern Pacific waterfront franchise. "In fact," said he, "it has not reached me."

Asked what he proposed doing with the ordinance when it reached him he replied:

"I shall most assuredly approve it, for I regard it as the most important measure which the administration has succeeded in carrying through."

The mayor has no fear of any attempt that any coteries of disgruntled attorneys who are seeking notoriety and a fee may make to stop him by injunction proceedings from signing the ordinance.

BLOCKADING FUTILE.

"They must know that such an attempt will be absolutely ineffective," he said. "One of the trio of attorneys who are represented to be in the conspiracy to attempt to prevent the ordinance from becoming operative is, probably, trying to bulldoze the Southern Pacific company into paying Franklin street in front of the property. This the company has refused to do, because he withdrew his name from its petition for an electric street railway franchise."

"The company has volunteered to pave all of the street in the front of the property of those who allowed their names to remain on the petition, at its own expense."

MERELY SEEKING FEE.

"The other two attorneys probably hope that they can induce some one to put up \$500 or so to start proceedings which they know beforehand will be thrown out of court, as an excuse to

able them to pull down the money and pocket it as their fee.

"The settlement of this waterfront controversy through the passage of the ordinance is certainly the best piece of work this administration has done since it has been in office."

"Aside from those who are keeping up the anti-railroad water front agitation solely for political purposes, most of those citizens who figure in the opposition do not, apparently, realize what enormous benefits accrue to the city through the passage of the ordinance."

CITY GETS BENEFIT.

"Through the granting of a narrow strip additional to the waterfront already occupied by the Southern Pacific company's mole and ferry slips, over which the city had no control, the company has agreed in the ordinance to transfer all its rights to the mole and the improvements on the land leased at the expiration of the lease."

"The ordinance terminates all litigation over the waterfront and acknowledges the city's absolute sovereignty, and it relinquishes to the city all the rights it has conceded under the Stratton survey. It has conceded the right to open streets through its property and over its rights of way on both the western and southern waterfronts, and a number of commercial and other benefits of great value."

CITY LOSES NOTHING.

"The city has lost nothing through the ordinance, but it has made an immeasurable gain through it, which will become more and more apparent as time progresses."

"Every intelligent man in the community who has no political axe to grind understands it clearly."

ORPHEUM SKIT IS FEATURE OF STELLAR BILL

WILLARD SIMS, in "Flinder's Furnished Flat," at the Oakland Orpheum.

Two features of the Oakland Orpheum this week are exciting special interest and serving to draw unusually large crowds to the big vaudeville temple on Twelfth street.

One of these features is a series of motion pictures showing the baseball games for the world's championship between the Chicago "Cubs" and the Philadelphia "Athletics." This is the first time these particular pictures have been shown in Oakland, and the baseball fans are flocking to the Orpheum by the thousands.

The other big hit of the bill and one which is creating no end of talk, is made by Willard Sims with a remarkable laughing farce called "Flinder's Furnished Flat." Sims is already the talk of the town. He is an amateur wall-paper hanger, in the sketch he uses, and the way he smatters paste all over the stage, all over himself, and all over the furniture is vastly amusing. Not in three years has the Orpheum had such a mirth-provoking bit of farce as this sketch of Sims.

STAR OF SHOW.

A beautiful woman, Miss Augusta Gies, is one of the stars of the show. She gives a splendid impersonation in a number of imitations of girls, wears a lot of beautiful gowns, and adds all kinds of tone to the program. She is daintiness personified and clever, no end. A big European act is that of the Spisell Brothers and their company. They have a comedy pantomime acrobatic stunt called "The Continental Waiver." Their antics while engaged in this sketch are vastly amusing.

Thurber and Madison have a lively singing and talking skit called "On a Shopping Tour."

La Fortiada, the famous Spanish dancer, is in her last week at the Orpheum. Her remarkable engagement will come to an end next Saturday night.

John F. Wade and his company, presenting the beautiful southern sketch, "Marse Shelby's Chicken Dinner," will also end his season this week.

board papa as the real one who used to be always so kind and good to him.

The Charles came from Flynn near Folsom, on the Los Angeles-Salt Lake railroad, on which Clark was a section boss, several weeks ago and had only been in Oakland a few days when he disappeared. He went out on the Monday morning after arriving, expecting to go to work, but was disappointed. He went out looking for work on Tuesday, but found nothing. Yesterday morning he left the house on the same quest, and has not been seen since.

"I wasn't feeling very well that Wednesday morning," said Mrs. Clark this morning. "He got up at 1 o'clock, as he always did, and got his breakfast, and then came in and told me to go to sleep again; that he was going to look for work, and if he didn't find it he'd come back in about ten days when he'd bring me my breakfast, before I got up. He was always so kind to me." And the stricken woman, as a contrast to the light-hearted, happy wife of the picture as can be imagined, bowed herself in a very abandon of grief.

HAS FAITH IN HIM.

"I can't believe he left me on purpose," she said between her sobs. "Something must have happened to him, but I can't think what it can't think. I am just a lonely, broken-hearted woman, and I don't know whether I will be able to stand it much longer, and another paroxysm of grief stopped her utterance. With red-rimmed, tearful eyes and drooping mouth she was the picture of woe."

"He had no money," she said when she was calmer. "He had given me what little he had. I don't think he had been 'shortchanged,' or anything like that, as he had been a sailor once and knew too much for anything like that. He might have shipped on a vessel, but I should think he'd let me know. I think of everything, of course. I think of how everything is broken. Then the tears flowed again."

WOMAN IN DESPAIR.

"I don't know what will become of us. I'm not strong enough to work and little Herbert is only a baby, and I haven't a friend or a relative, nor anybody to help me. O, I hope something will be heard of him soon. He can't have left me on purpose, but I don't know what to think, and sobs and tears had their way."

"O, papa! O, papa! If I only knew he was dead, then I'd now he had loved me, and the pitiful figure quivered with grief. But I can't doubt him. I know he was always so kind, only I can't bear this uncertainty, and I hope some one will hear of him soon."

POLICE COMMEDED FOR WORK ON ELECTION DAY

SAN FRANCISCO, Nov. 11.—Chief of Police John F. Seymour was in receipt of a letter from the Good Government League this morning congratulating him on the work of the department at the polls on election day.

The communication commends the officers for their courteous behavior and for their quick settlement of minor disputes and general keeping of the peace at the election booths.

BERKELEY'S NEW 'FRAT' INSTALLED

Ceremonies Held Establishing Alpha Chapter S. P. E.

BERKELEY, Nov. 10.—Installation ceremonies attending the establishment of Alpha chapter of Sigma Phi Epsilon fraternity are being held at the El Palomar clubhouse, 2523 Hillebrand avenue, today and the social and other events in connection will continue throughout the week.

N. L. Phillips of Washington, grand secretary, and L. H. Athon of Los Angeles, a graduate of the University of Illinois, are conducting the ceremonies, which will close tonight.

Tomorrow afternoon a reception will be given by the new chapter to the fraternity, sorority and club members and other friends, and in the evening a banquet will be held, at which B. H. Maddox, president of the new chapter, will preside as toastmaster.

On Saturday the local and visiting members of the fraternity will attend the football game in a body, and in the evening will witness the football show in San Francisco. Points of interest about the bay will be visited Sunday.

Thirty-three neophytes, including active and alumni members, are being initiated into the local chapter, which is composed principally of members of the El Palomar Club.

THIEVES GET COIN AT SCHOOL DEDICATION

SAN FRANCISCO, Nov. 10.—While the McKinley school was being dedicated at Fourteenth and Castro streets on Sunday, sneak thieves, operating almost in sight of the crowd, stole various articles from the building.

Miss Kate E. Gann of 1750 O'Farrell street, one of the teachers, reports that her purse, containing \$5, was taken.

MELVIN AND SLOSS ARE GIVEN BIG PLURALITIES

Confidence in Popular Judges Demonstrated When They Are Re-elected Easily Over Opponents

SAN FRANCISCO, Nov. 10.—The returns received thus far from the State, including almost complete returns from San Francisco, indicate that Associate Justices of the Supreme Court Henry A. Melvin and M. C. Sloss have been elected by unprecedented pluralities. While the returns are not complete, it is believed that the unheard from district will increase the vote for both rather than diminish.

The returns thus far received give Sloss 118,212, Melvin 112,373, Lawlor 79,892, Hesse 61,078.

While Superior Judge James V. Coffey, Democratic nominee for presiding justice of the Court of Appeal from this district, has been given a very large majority in this city over Judge Thomas J. Lennon of Marin, his Republican opponent, the returns from the other counties in this judicial district indicate that Lennon will be elected by a safe majority. This district extends south to and including Fresno county. In San Francisco almost complete returns show Lennon 19,700; Coffey 27,168. The other portions of the district will, according to present indications, overcome this majority and elect Judge Lennon by a good margin.

In San Francisco the incumbent members of the Superior Court who are candidates for re-election all have been returned by the following vote: Frank J. Murphy (D.), 32,843; George H. Canham (D.), 32,092; James M. Seawell (D.), 28,937; James M. Trout (R.-P.-L.), 24,227. The next highest candidate to these four successful nominees is George D. Babbs (R.), 17,048.

It is not believed that the unreturned vote will materially change the relative positions of any of these judicial candidates.

MAN ASKS DIVORCE FROM FIREBUG WIFE

Endline Sweetser, accused in the criminal department of the superior court of arson, was arraigned by Judge Brown this forenoon. She pleaded not guilty through Attorney Byron J. Wyman, her counsel, and the court set her trial for December 7.

The home of the prisoner's husband, W. H. Sweetser, located in Fruitvale, was destroyed by fire after the couple had been married hardly a fortnight. Mrs. Sweetser was arrested for applying the torch and since her incarceration in the county jail Sweetser has applied to the superior court for a divorce on the ground of extreme cruelty.

ROOSEVELT BLAMED FOR REPUBLICAN DEFEAT IN EAST

PRESS BRANDS COLONEL AS MILLSTONE ON PARTY'S NECK

POLICIES ARE SCORED IN PAPERS

New Nationalism Failure and ex-President's Efforts Are Harmful, Is Claim.

Gotham Dailies Denounce the "Blind Egotism" of Former Executive.

NEW YORK, Nov. 10.—Most of the New York papers in their comment on the result of the election place the blame for the Republican defeat on Theodore Roosevelt.

The Times says: "To Theodore Roosevelt the disaster that has befallen his party and the sweeping character of the Democratic victory are in large measure due. As today he contemplates the fearful wreck of his latest political estate, as he sits him down to muse, like other conquerors, on the fearful ruin he has wrought, we hope he will be duly and profitably impressed by the great difference between his measure and the country's measure of him, taken in this campaign and indelibly recorded yesterday."

CAPACITY SMALL.

"Had Mr. Roosevelt been a man of high capacity, as he has always taken himself to be, he could never in a short time have brought himself from so high to so low a place in the country's esteem. Let him make no mistake as to the meaning of the verdict in this East. In the election counties the day of Mr. Roosevelt fell below the Chairol vote. The Republicans stayed at home. It was not a disapproval of their party's candidate. Mr. Stimson was rather above the average. He had no reason for their upthrust save that which Mr. Roosevelt's activities have afforded.

WATERLOO FOR NATIONALISM.

The World says: "Theodore Roosevelt and the new nationalism have gone down to their Waterloo. Mr. Roosevelt will not be the Republican candidate for President in 1912. When the World made Mr. Roosevelt the issue in this campaign he gave the challenge and spread himself over the political mountains to the Atlantic ocean.

AMBITIONS DEFEATED.

"This is no partisan Democratic victory in the ordinary sense of that term. While it is a defeat for the Taft administration and for the Republican party, it is peculiarly a defeat for Mr. Roosevelt and his 1912 ambitions.

LESSON WILL NOT BE LEARNED.

The Brooklyn Eagle says: "Artemus Ward once wrote an estimate on an incapable character. He undertook to do too much and did it. Mr. Roosevelt undertook to do too much and did it. The effort was for the time at least undone. The result, educational to other men, should be so to the ex-President. We are not sure that it will be. His disposition is not docile. His temper is with difficulty cooled. His ability to see not in his stars, but in himself, the causes of defeat and disappointment has, to be sure, not herebefore been tested, but the resentment of the man, even under hitherto unsuccessful opposition, has created the belief that for the defeat which he has incurred he will hold others responsible and himself quite free from blame.

HIS OWN VICTIM.

"The Republican organizations and Republican newspapers have made so much of him that the disposition of the voters to make less than little of him will deprive them of educational power. He has over him and without wisdom, a veritable man without divination or judgment. He is a victim of his own self-delusion, but not sufficient to be the expense of an ex-Governor and an ex-President who received the homage not only of governments, but of peoples; the growth not only of empires and of republics, but of continents, and who deserved what he has received from them and what they were glad, in full measure and running over, to tender to him."

"His initial error lay in the complete misapprehension of the temper of his

JOHN A. DIX, whose election in New York is attributed to Roosevelt's opposition.

He seemed to be looking at it through an African mist or London fog. It was amazing that a man who had often shown that he had almost intuitive knowledge of what the people wanted, should have gone so completely astray.

"He was probably misled by over-zealous friends. They flocked to him at Oyster Bay informing him that the country was not only clamorous for his return to power, but was ripe for radicalism. His touring of the country following campaign harangues, ostentatious ignoring of the President, the mischievous Oasawatomie speech, instantly a reaction set in, big with the threat of revolt, but the more he was protested with and opposed the more headstrong and violent Roosevelt showed himself. He could brook no question of his infallibility and he himself as one whose word was necessarily law with the people.

TAFT RETAINS RESPECT.

The Sun, discussing the President, says: "A good many millions of Americans must have thought, and thought wisely, of William H. Taft last night. Will it be not his funeral. He remains and we cannot imagine his ever leaving the respect of his countrymen. He has been shamefully used and shamefully betrayed, but his patience, his forbearance, his justice, his modesty, his calmness, his unselfishness—all the moral and all the mental qualities by which he so differs from his predecessor—are not lost upon the American people.

HERALD RECALLS OLD FABLE.

The Herald says editorially: "Aesop's fable of the ass that carried the idiot is recalled by Mr. Roosevelt's conduct since his return from Europe. Seeing all the people as he went along bend themselves in reverence to the animal, and it was to him that they were paying obeisance, and in consequence he walked up his ears and furnished his tail.

HOW IT LOOKS TO THE POST.

The Evening Post says: "We have no wish to rub salt into a man's wounds, but it is plain, in the cold light of 'the morning after,'

NOT A 'CURE-ALL'

Separate Remedies, Each Devised for the Treatment of a Particular Ailment.

"There is no 'cure-all' among the Reall Remedies. There are different and separate medicines, each one devised for a certain human ailment of a class of ailments closely allied. For instance, Reall Dyspepsia Tablets are recommended in reference to the ailments of indigestion, flatulency and dyspepsia. They are rich in Bismuth, Salicylate, Pepsin and Carnivorous. They are prepared by special processes which perfect and enhance the great medicinal value of these well-known medicinal agents. This remedy sells for 25 cents, 50 cents and \$1.00 per package. Every one suffering from stomach disorder or should try Reall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

Remember, the Owl Drug Co., Inc., Tenth and Washington Thirtieth and Broadway, Sixteenth and San Pablo, is the only store where these remedies may be obtained, and every one in need of medicine is urged to investigate and take advantage of the frank and generous manner in which they are sold.

that Mr. Roosevelt's course since his return in June has been one long series of political blunders. On the supposition which his closest friends have sedulously fostered, that his heart was fixed on the nomination for the Presidency in 1912, it can only be said that he misread the situation utterly and acted like a man whose famed political skill had entirely deserted him.

A REBUKE TO ROOSEVELTISM.

The Evening Telegram says: "Consideration of the lessons taught by the elections are apt to be tiresome, but the silent vote of yesterday, country-wide, for the Democracy, is far too significant to be passed unnoticed. It shows that when things get very bad, the people change their mind. It shows that high price of provisions is more than a minor issue. It means that favorite sons, while good humoredly tolerated for a while, may go too far. It means that a rebuke to Rooseveltism is needed here. It is a rebuke to Rooseveltism."

BLAME ROOSEVELT.

PARIS, Nov. 10.—The French press gives prominence to the American elections. The writers generally agree that the high cost of living was the fundamental cause of the Republican losses. The Temps thinks the outcome was due to a split in the Republican party, for which Roosevelt was largely responsible. The Echo de Paris, in its editorial, says that the Republican losses and trusts upon Roosevelt. However, the paper adds that it is difficult to foresee the future, particularly whether Roosevelt's chances for the Presidency have been blighted.

BERLIN HAS OPINION.

BERLIN, Nov. 10.—The newspapers give much space to reports and editorial comment upon the American elections, which are viewed as very important. Nearly all the papers discuss the probable effect upon Colonel Roosevelt's future political influence. Some express the opinion that the "new nationalism" will not figure in party platforms for the present. Others comment adversely on Roosevelt's chances of securing the Republican Presidential nomination in 1912.

\$1,000,000 CHANGE HANDS ON RESULT

Election Bets Are Paid Off and Enormous Sums Won and Lost.

NEW YORK, Nov. 10.—Yesterday was paying-off day for election bettors in Wall Street. Not counting the transfers of cash that occurred at the Waldorf and other uptown hotels more than \$1,000,000 is known to have been transferred from one set of offices to another. William Marx, representing one of the big stock exchange houses, is said to have handled more than \$350,000. Fred Brooks, one of the old-time betting commissioners, was stakeholder for nearly \$250,000. William Titus, a curb broker, placed in all about \$250,000. He won in addition about \$25,000, and made in commissions on what he placed for others \$2500. Titus had a market basket full of paper money certificates before he finished his rounds of collecting, settling up and cashing in.

Another curb broker, Ray Godwin, handled \$100,000 mostly in bets on the size of Dix's majority, and won for himself something like \$10,000 besides his commissions. "Bek" Lane, the owner of a cigar store where curb brokers make their headquarters, who has off duty, handled about \$15,000 for others. He made upward of \$5000 personally by betting his own money right on the size of Dix's majority.

A third, Middleton lost heavily on the result. He wagered \$8000 that Dix would have a plurality of more than 75,000. He had other sums bet on 100,000 plurality or more.

WOMEN IN POLITICS

150,000 WOMEN TO CAST VOTE AT WASHINGTON ELECTIONS

Suffragists All Over Nation to Celebrate "Fifth Star in Flag."

Four Be-skirted Lawmakers to Sit in the Colorado Assembly.

SEATTLE, Nov. 10.—Far the most interesting result of the election is the ratification of the women's suffrage amendment to the State constitution. As soon as the Governor receives the official count and proclaims that the amendment has been ratified, some 150,000 women will at once become qualified voters, and they will participate in the spring election. The women worked among the granges and labor unions and lost no opportunity to get their argument into the newspapers. Every county thus far reported a majority for the amendment. The large county of King, Elmer Spokane, Shoshone and Whatcom maintained a ratio of 2 to 1 in favor of the amendment.

BANQUET TO CELEBRATE.

Mrs. Emma Smith Devoe, president of the State Equal Suffrage Association, yesterday issued a proclamation setting apart Thursday, November 24, as a day of thanksgiving for the new enfranchised women. A big banquet and political meeting will be held at Spokane this evening to celebrate the addition of the fifth star to the equi suffrage flag.

SUFFRAGISTS JUBILANT.

NEW YORK, Nov. 10.—The victory of the Suffragettes in Washington yesterday, when the State adopted by a vote of 2 to 1 the constitutional amendment giving women full suffrage, will be celebrated by a monster union meeting of all suffrage societies at Cooper Union tonight. Women can now vote in five States, the other four being Colorado, Wyoming, Idaho and Utah.

The story of the clash between Mrs. O. H. P. Belmont and Mrs. Ila Husted Harper at a meeting last night was vigorously denied yesterday by Mrs. Harper. She said:

"Mrs. Belmont and I were standing at the door of the Broadway headquarters and we were both at a high nervous tension. She was afraid the crowd would break into the meeting and I told her not to worry. She was tired and went home there. Those standing near me constructed our conversation, for there was absolutely no discussion between us."

WOMEN VICTORIOUS.

DENVER, Colo., Nov. 10.—Four women will sit in the Eighteenth General Assembly of Colorado as a result of Tuesday's elections. They are Almita Lafferty, Louise T. Jones and Louise L. Karwin, all elected to the State House of Representatives from Denver districts on the Democratic ticket, and Agnes L. Riddio, Republican, representing Adams, Arapahoe and Elbert counties. Corporal William F. Dwyer, who was re-elected, was the only woman representative. There are no women senators.

ARTIST CALLS CHICAGO "THE CITY DITFUL"

CHICAGO, Nov. 10.—Joseph Pennell, noted artist and writer, has looked Chicago over from the Indiana lot to Evanston and can't find any art in it. In what he calls "the city ditiful." As second city it is a nightmare.

"What Chicago must do," he says, "is this: Give a new name to the city. Abolish dirty alleys and make every street clean and beautiful. Let the city be a masterpiece of architecture with art nouveau buildings. Have uniformity in height of buildings as nearly as possible, abolishing the two-story structure adding one twenty stories high. Rearrange the parks and boulevards so that they will be more artistic and pleasing to the eye.

"Art groups and surrounding country conform to the height of the buildings. Double the street-sweeping squads and keep the streets clean. Let the city be a masterpiece of architecture with art nouveau buildings. Have uniformity in height of buildings as nearly as possible, abolishing the two-story structure adding one twenty stories high. Rearrange the parks and boulevards so that they will be more artistic and pleasing to the eye.

Put 25 ounces of pure Enez (fifty cents) worth in a pint bottle and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never fails. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It comes up the faded appetite and it has a most pleasant taste. A so excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough.

This recipe for making each remedy with Enez and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. I you try it, use only genuine Enez, which is the most valuable concentrated compound of Norway white pine extract, and is rich in quinine and all the natural healing pine elements. Other preparations will not work in this recipe.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Enez or will get it for you. If not, send to The Pine Co., Ft. Wayne, Ind.

AFTERMATH OF EASTERN ELECTIONS

Speaker Refuses to Say More; Mayor Gaynor Is Pleased

DANVILLE, Ill., Nov. 10.—"The landslide speaks for itself. I have nothing to add to my statement concerning my own attitude which I made Tuesday night," said Speaker Cannon last night.

"Concerning causes and effects, I am not prepared to say anything. As yet we are all up in the air as to exact conditions throughout the country. I wish to get at these conditions before discussing the situation."

Congressman W. B. McKinney, chairman of the National Congressional Committee, was in a conference with the Speaker last night.

GAYNOR GRATIFIED.

NEW YORK, Nov. 10.—Mayor Gaynor said yesterday he was gratified with the result of yesterday's election.

"I do not view the result in a partisan spirit or with mere feeling of elation," said the Mayor. "I see in it a readjustment of those voters throughout the country who are not intelligent to regard these conditions before discussing the situation."

4900 TO CHANGE.

CHICAGO, Nov. 10.—Approximately 4900 positions in Cook county now held by Republicans will be handed over to Democrats as a result of Tuesday's elections.

"The newly elected officers feel that the people want a house cleaning," said John McCarthy, chairman of the Democratic county committee yesterday.

"Otherwise they would not have voted for the Democratic nominees. It now becomes the duty of the new county officers to extend the house cleaning to every nook and corner of the county building without loss of time."

"Every one of the new officials understands the thing just as I do and we will lose no more time than is necessary in taking out the Republicans. Men of capability who are not mere political hangers-on may be retained in a few instances."

SHEA ELEVATED TO CAPTAINCY

Advancement All Along Line in San Francisco Police Department.

SAN FRANCISCO, Nov. 10.—The elevation of Lieutenant of Police Patrick Shea, who has been acting captain for more than a year to the captaincy on Tuesday will have the effect of a general promotion along the line in the subordinate offices, and eight corporals who are on the eligible list of promotion will be advanced.

Sergeant John T. Fitzhenry, who for years has been one of the two complaint clerks at detective department headquarters, will be promoted to the lieutenantcy caused by the advancing of Captain Shea. Corporals William F. Dwyer and Thomas Rourke will be made sergeants and the following police officers will be created corporals: Percy L. Smith, Frank E. O'Brien, Charles Gough, Arno A. Dietel, M. Silver, Arthur H. Quigley, William W. Lambert and Edward F. Cope.

These changes will be made at the meeting of the police commissioners today.

IMMENSE TURTLE NIPS OFF FINGER OF CAPTOR

PARAGOULD, Ark., Nov. 9.—With great pride Hadden Adams was exhibiting an immense turtle which he had captured, when one of the onlookers "have a crack at the animal." Will Adams started to demonstrate that the creature was living and prodded it with a stick in an attempt to make it poke out its head. The turtle paid no attention to the stick, but when Adams laid his hand carefully near the turtle's mouth one of his fingers was snapped off of it like it had hit a circular saw.

Adams secured his severed finger and went to a physician to have it "welded" back, but as this could not be done he had to content himself with having the doctor dress the wound.

EGYPT'S COTTON CROP SHOWS BIG INCREASE

WASHINGTON, Nov. 10.—Definite information from United States Consul D. R. Birch at Alexandria, Egypt, indicates that the Egyptian cotton crop will be approximately 700,000,000 pounds. Previous reports stated that the crop was estimated at 650,000,000 pounds. The yield last year was 300,000,000 pounds.

The cotton crop of the Laguna district of Mexico shows a large decrease, according to a consular report received here. The yield this year will amount to 40,000,000 pounds, or 80,000 bales, while the yield last spring was 300,000 bales.

The Twelfth Pennsylvania district, also normally Republican, is given as Democratic, though the result there is not absolutely certain.

Absolute confidence is not felt in the returns for some of the Wisconsin districts, and it is not impossible that the official figures will change slightly the totals for the two parties.

Roosevelt's Crushing Defeat.

The fear that Roosevelt would be a candidate for President in 1912 contributed not a little to the Republican defeat in New Jersey, Massachusetts, Connecticut and Ohio. It was the main cause of the Democratic sweep in New York. Roosevelt's activity in the campaign, coupled with his reticence about President Taft and his statements as to what he intended to do, created a widespread belief that he was paving the way to his renomination two years hence. This presented the ex-President as a rival to Taft. Notwithstanding the reiterated charge of the Democrats that he was a third term candidate for President he refused to say he was not and in all his speeches withheld from President Taft the frank and hearty endorsement to which the President was entitled.

This had a depressing effect on the Republican campaign in all the States grouped around New York. In all those States Roosevelt made speeches in which he practically ignored Taft and his administration. He made himself the issue, and upon that issue went down to crushing defeat. In New York the vote against the Roosevelt ticket was largely a vote of confidence in Taft and a vote against the third term idea. The comment of the leading journals of the Empire State, both before and after election, prove this.

The election of a Democratic Legislature in New York was another slap at Roosevelt. The voters were so afraid that a Republican Legislature would send Roosevelt to the Senate that they voted for the Democratic legislative nominees. Apparently there was a popular determination to close every door against the ex-President and make his defeat as complete as possible. They defeated every candidate for Congress known to be on his personal staff. Roosevelt candidates for all sorts of offices were snowed under.

Roosevelt's intemperate speeches in Ohio, Massachusetts and Connecticut helped swell Democratic majorities. During the last week of the campaign he assailed the personal integrity of Governor Harmon, who served as judge for many years, was a cabinet officer under Cleveland and was elected Governor of a Republican State two years ago, when Ohio gave a big majority for the Republican electors. The attack was promptly repudiated by the leading Republican journals of Ohio, but the returns show that it increased Governor Harmon's majority materially.

The election of Judge Baldwin in Connecticut can be ascribed almost to a certainty to a wanton attack Roosevelt made on his judicial record. It was a foolish and unjust thing to do, and the voters of Connecticut rebuked it by electing Judge Baldwin Governor. Thus the Republican party was punished for the blunders of Roosevelt. Judge Baldwin commands universal respect in the Nutmeg State. He was Chief Justice of Connecticut for many years and earned an enviable reputation as a jurist. He is an old man and his personal character was never before impeached nor his judicial uprightness questioned.

Roosevelt went to Boston and screamed out that the Democratic candidate for Governor had made himself rich by stock speculation. The charge was notoriously untrue and proved a boomerang. It reacted against the Republican nominee for Governor and contributed to the Republican disaster in the Bay State. It cannot be disputed, of course, that the Republican party has suffered serious reverses, but an analysis of the returns and the causes which operated to produce the result, fear of Roosevelt and the party divisions he created prove to be the decisive factors in the result. Roosevelt split his party and involved its fortunes in the defeat, inflicted on his personal ambition. The people of the United States are not yet in favor of giving Presidents third terms, still less ready to have a dictatorship established. They are opposed to amending or abrogating the Federal constitution by executive fiat, to the benevolent despotism outlined in the New Nationalism. This country is not Mexico and does not need a Diaz nor the kind of personal government he exemplifies. Hence the vote on Tuesday, rightly construed, is an endorsement of the old nationalism and the integrity of the Federal Union. The people were not deluded with the absurd pretense that the old moralities could only be preserved by the New Nationalism. They are tired of humbug and disturbance, therefore of Roosevelt, and they manifested their disgust at the conditions created in the Republican party by Roosevelt and Rooseveltism by voting the Democratic ticket. They took that method of whipping Roosevelt to a frazzle.

The Boasts of a News Thief.

Almost daily for weeks past the Enquirer has published statements to the effect that it has printed important news items ahead of any other paper. It has usually pointed these boasts at THE TRIBUNE as proofs of its superior excellence as a newspaper.

In every instance the claim was false and the boasts based upon the fraudulent claims; flimsy and combed put forth to deceive readers who do not take the trouble to compare one paper with another. THE TRIBUNE prints so much more news daily than the Enquirer that items which are landed up as important in the Enquirer appear to be comparatively insignificant in THE TRIBUNE.

Every issue in which the Enquirer boasted of printing exclusive news contained numerous items stolen bodily from earlier editions of THE TRIBUNE. The Enquirer makes a daily business of cribbing THE TRIBUNE'S dispatches. Its telegraphic news columns are largely made up of clippings from this paper.

THE TRIBUNE is the only paper in Alameda county that prints the Associated Press report. It gets that report exclusively and in its entirety, taking it from the wires in its own office. The Enquirer takes the news from THE TRIBUNE with scissors. Then it blows it with the false and impudent claim, that it has printed some particular item of news exclusively. Anyone not hardened to shame would blush at the stealings daily printed as original news in the Enquirer's columns instead of impudently making a false claim to printing exclusive news.

Nobody knows better than the general public of this city that the Enquirer is a fake as a newspaper. It sells for one cent a copy and finds few to buy it at that price, while THE TRIBUNE sells for five cents a copy and has a large sale. The Enquirer is delivered to subscribers at 25 cents a month and has a small circulation. THE TRIBUNE gets 65 cents a month and has about ten-times the number of legitimate paid subscribers that the Enquirer has. That tells the whole story of comparative merit.

The Enquirer made a conspicuous exposure of its faking methods in printing the election returns. It was unable to organize a bureau to collect and collate the returns from Alameda county, relying upon THE TRIBUNE and the use of the handy scissors. At one o'clock yesterday THE TRIBUNE printed the tabulated returns from all over the county. This tabulation was complete save for two or three small precincts, which were specified, and was correct save for a few minor inaccuracies which are inevitable in matters of this kind. However, it told in detail the result of the polling in this county.

In a later edition of the Enquirer this tabulation appeared without change of any sort. Even the small mistakes were copied. The

Which Has the Smile?

stars with which THE TRIBUNE designated the missing precincts were reproduced in the Enquirer, which depended so entirely on THE TRIBUNE for its election news that it stole mistakes and all. It scooped the whole business with its usual enterprise from this paper. Boasting of its excellence as a newspaper it came tagging behind stuffed with belated and stolen goods.

The feat illustrates the Enquirer's value as a news medium and its enterprise as a newsgatherer. It crabs, fakes, lies, and wiggles along as a bad third-rater in the race for popular favor. It does not get the news, cannot get the news, and only makes a bluff at trying to get the news.

That is why its publishers try to get it circulated by giving it away with THE TRIBUNE which has a ready sale at five cents a copy.

The Situation in the Senate.

In the next Congress the Democrats will not only be much stronger in the Senate than they have been for some years, but they will have a representation from the northern States that will give them a better national standing. Nearly all the Democrats now in the Senate are from the South, the exceptions being Newlands of Nevada, Chamberlain of Oregon, Shively of Indiana, Hughes of Colorado, Clark of Montana and Purcell of North Dakota (appointed to fill a vacancy caused by death.) Maine, New York, New Jersey, Nebraska and probably Ohio will send Democratic Senators to the next Congress. Indiana will also send another Democrat to succeed Beveridge. Purcell of North Dakota will retire, but his retirement will be offset by the retirement of Senator Warner of Missouri. The Republicans lose in intellectual strength and political sagacity in more than in numbers by the changes that will result in Tuesday's elections. The loss of Aldrich, Hale and Dooliver will be felt when the parties come into collision in the upper chamber. Either Alton B. Parker or Edward M. Sheppard will succeed Depew in New York, while John W. Kern will succeed Beveridge in Indiana. Scott of West Virginia, a strong man, will be succeeded by a Democrat. Who will succeed Kean in New Jersey is now to be forecasted, but G. M. Hitchcock, at present a member of the lower house, will succeed Burkett in Nebraska. If the Democrats have carried the Legislature in Ohio, Senator Dick will probably be succeeded by James E. Kilbourne. Thus the Democrats will be materially strengthened in intellectual force as well as by numbers, while the Republicans will be correspondingly weakened. A Republican revolt may cause the retirement of Lodge of Massachusetts, which would still further weaken Republican leadership in the Senate. Hence California should send an able and influential man to the Senate when the Legislature meets.

The Power of a Stainless Life

REV. E. W. PALMER.

The political campaign just ended has unconsciously borne witness and paid tribute to the power of goodness. Why has it been characterized by slander and abuse? Why have innuendoes and calumnies been circulated against the characters of good men and true? Because the children of darkness realize the tremendous power of a stainless life! "The strength of Goliath was as the strength of ten because his life was pure." The power of evil know that, and so the first step to defeat any candidate is to show that he is not a good man—by real evidence if possible, by manufactured evidence if necessary. Every corrupt politician, every unprincipled newspaper, every special interest knows this and acts accordingly. It is an unconscious tribute to the power of goodness.

There are many sources of power which a man may lay hold of. But no man's power can abide unless fundamentally he is a good man. Even the power of Jesus stands here. We honor Him because He is the world's greatest religious teacher, because of His wisdom, because of the wonderful deeds He did. But all these things would avail not at all if we were not also convinced of His goodness. The power of Jesus ever the lives of men rests fundamentally on the truth of which the centurion was also convinced: "Certainly this was a righteous man."

Does any young man want his life to be one of power? Then let him get wisdom, let him lose his petty personal interests in some great cause, let him live in the light of some positive faith, becoming his beliefs and doubting his doubts. But beneath all this, let him remember after all his studying power in the world will be about in proportion as men may truly say of him: "Certainly this was a righteous man."

There are many sources of power which a man may lay hold of. But no man's power can abide unless fundamentally he is a good man. Even the power of Jesus stands here. Deplores Frivolity

An English bishop who was in Chicago last week declared that if the marriage ceremony in the United States were marked with more solemnity the married state would be regarded with greater seriousness and divorce would be less frequent. At the same time a local minister, suggesting a minor reform in the same direction, protested against the sloppy and amatory typography of the marriage licenses issued at the city hall—an implication that not only the ceremony itself but also the record of the ceremony might advantageously enjoy more dignity.

These two suggestions must have failed to reach a recent bride in the East. She chose to be attended in lieu of bridesmaids by a bunch of pet dogs, which enveloped the occasion by their noise and friskiness. We look in vain for any "solemnity" in such a ceremony; nor does it seem that a cloudy snapshot is much to be preferred to a badly printed license or certificate. The freak ball and the freak dinner may be condoned, but not the freak wedding.—Record-Herald.

20 YEARS AGO IN OAKLAND

On the complaint of James B. Marvin, his partner, F. D. Black, Jr. to appear before Judge Gibson next Monday morning, to show why a receiver should not be appointed until an accounting of the partnership may be had.

Judge Gibson has appointed George De Golia attorney for the absent heirs in the matter of the estate of Benjamin W. Wisner, deceased.

The official count of the returns of the late election was entered upon this morning by the board of supervisors and will be continued without interruption until completed.

City taxes are being paid very slowly. During the past 12 days only \$20,000 have been collected. The listed amount of tax on Oakland property is \$103,710.75.

Collector Griffin says that he does not expect any trouble in the collection of taxes this year, save in the case of taxpayers in the annexed district who paid their taxes under protest last year and are likely to do the same thing this year, as the annexation suit has not yet been decided.

The city council will have a busy meeting this evening, as a great deal of work is to be done regarding cement and bituminous sidewalks all over the city.

After the adjournment of the meeting of Albin Lodge, Sons of A. G. O. G. last night, a musical and literary program was given under the supervision of Vice-President Hall. One of the most interesting features was the appearance and the singing of the Albin quartet.

W. M. Watson, the prominent liquor merchant on Washington street, has returned from a trip to Europe. During his absence abroad, the affairs of the firm were conducted by his partner, John O'Brien.

Grand Recorder D. S. Hirschberg will give a recitation before Keystone Lodge of Workmen in their hall Tuesday evening. Voluntary contributions and refreshments will also be features of the evening. All workmen are invited.

Mrs. M. Hirschberg, mother of Alex-

ander Hirschberg, the Broadway cigar merchant, accompanied by her daughter, Dillie, will leave for Honolulu next Saturday afternoon on a visit to her married daughter, Mrs. N. S. Sachs, who has been living in the islands for the past six years. Shortly before her departure, there was a surprise party given her at her home by a number of her intimate friends and relatives.

The city of Alameda is assuming metropolitan airs. Fire and mail boxes are now to be seen on all important corners.

It is stated that proceedings will be undertaken anew for the improvement of High street, Alameda and the matter will come up before the trustees of the city at their next meeting.

The city council made an appropriation for completing the improvement of the Twelfth-street dam, amounting to \$1800. The board of public works declared the sum inadequate to perform the work. The amount required is \$3200, and an additional appropriation is required. Councilman Kirk says that Edison is willing to give \$1000 toward the improvement. The council takes steps to have some definite arrangement with Mr. Adams before the appropriation is increased.

The mayor has approved the ordinance appropriating \$1000 additional for completing the main lake sewer.

The will of Dr. R. L. Cole has been admitted to probate by Judge Baldwin and Mary R. Cole has been appointed executrix without bond.

Last December Andrew White collected \$13,519 for the Gold and Telegraph Stock Company, which sum he failed to turn over to the company. The corporation pressed for a settlement and being unable to produce the money, White is compelled to turn over nearly all his property in Elgin, California, to Frank Adams in satisfaction of the corporation's claim. The corporation has now brought suit against Adams and White and the latter's wife to show that Adams holds the property in trust for the corporation.

"Around the Earth in Five to Seven Days" is the headline of a circular letter broadcast by a man in Esslingen-on-the-Rhine, who wants 10,000 marks to defray the cost of a model airship with which the earth circling light may be accomplished. "The inventor, who has worked at the airship problem for years," says the circular, "is a forty-seven years old, a practical mechanic, and I am his business manager." The ship, the promoter adds, will have a speed capacity of 250 kilometers an hour its passengers will take no risks as to safety, stops will be made without any difficulty and as many as one hundred persons will be accommodated. All that the promoter wants now is \$10,000 marks to build the model.

A Japanese correspondent writes in the current issue of "Our Dumb Animals exists in his country, "due more to ignorance than to malice," there is a growing sentiment toward betterment in that direction. In the course of his letter Masajiro Honda says:

"Memorial services were held for the horses killed and wounded both in the Chinese and the Russian war, and a

Buddhist priest is traveling all over Japan to raise funds for erecting a monument to the memory of the war horses lost in our recent national struggle. His idea is to set up in suitable places a statue of a horse with the Buddha of Mercy, Kwanon, on its back."

Baltimore ministers are crying out for Hughes to lead a fight against race-track gambling at Pimlico. They have entered a formal protest against any more race meetings at which open gambling is permitted, and "The Baltimore News" is offering aid and encouragement. Says "The News": "It is able to deny the fact that there are many things about the modern race-track which the public ought not and will not endorse. The worst thing is the belief that modern racing has mighty little except the gambling feature to keep it alive. Responsibility for this state of affairs rests on the shoulders of the men who have devoted their time, their skill and their money to breeding horses for sprinting, caring nothing for endurance or recuperative power."—New York Tribune.

LAKES-TO-THE-GULF

Colonel Roosevelt has declared for deep water from the lakes to the gulf. There is nothing more certain than that the extension of trade will come day, and that not distant, force the building of such a waterway. It was just such exigency of trade that brought about the Louisiana purchase. The American commonwealths of the great valley had no outlet for their surplus except through the port of New Orleans, and when John Breckinridge of Kentucky made it plain to Thomas Jefferson, then President, that the people of the then "far West" would secede from the Union and wage war on their own account for an outlet to the sea, Jefferson consented to the then "land grab."

The fruit of which was the Louisiana purchase.

De Witt Clinton was one of the greatest practical statesmen our country has produced. He saw the foodstuffs of the West were necessary to the prosperity of the Atlantic slope, and in season and out of season he advocated the Erie Canal system.

He was denounced as few of our public men have been since. They said he was either insane or scoundrel; but he persevered, and became the father of that great canal system that made the City of New York the metropolis and the State of New York empire.

A century ago the Erie Canal project was a far more visionary enterprise than the suggestion of deep water from Chicago to New Orleans by way of the Mississippi is now, and if the completion of the Panama Canal had yielded the fruit in a commercial way now promised, deep water from lake to gulf will follow, regardless of all expense and despite all opposition.

OLD MAID PROBLEM

The healthy American girl and the elderly spinster are no proper associates according to the moral which we are compelled to draw from the statement of President Hamilton of Tufts College.

He says, in effect that the young American "co-ed" should not be thrown into close contact with middle-aged women who have never married, and who never expect to marry.

He says that such excellent but probably biased ladies give the young women false ideas of life, and he intimates that widows, or even divorced, should be preferable to the grim old maid.

There are thousands of "old maids" in this world who are most excellent and most lovable women. Some of them are

even foster-mothers to children—filling a place which the real mothers of these tots would not be able to fill half so well. Many of them are cheery, whole-souled and thoroughly womanly in every way.

But there are also some who, because of their own unfortunate experiences with men, believe that there is no man, quite good enough for a good woman. They may be right at that, but we do not believe that it is generally advisable to make a young woman believe the statement.

The young man in college is a different problem. All he needs is restraint. But the girls even need a little encouragement in order that they may attain their full development as a woman.—Seattle Times.

SHORTAGE OF GIRLS

As though an increased cost of living, higher freight rates and similar ills to man were not sufficient we are confronted, so the statisticians tell us, with a shortage of women. Although there are more women than men in the census tables, the supply of girls, the raw material from which women are made, is fast being used up.

For below last of boys, and unless something can be done about it there will not be enough women to go around.

To make matters worse, boys are increasing at an alarming rate. Not content with coming in single, they are appearing in doubles and triples, thus making

ing for a still greater discrepancy in the ratio of sexes.

We do not pretend to account for this. We only state it as a fact. For many years the balance of sex has been with the women. Now I learned, we are told, swarms with unmarried females. Matrimonial agencies thrive there and a fine export business is done with Nome, Alaska, and other places where the men predominate. Now that the production has fallen off the law of supply and demand will advance the price, and that in the face of whatever approach—Chicago Tribune.

Cuban Unrest

A multiplicity of troubles appears to afflict our island neighbor, Cuba. Political conspiracies are afoot throughout the republic, and the dispatch of troops to the region recently devastated by the tropical storm is asserted by enemies to be a plan of the government to scatter the permanent army, which it fears is on the point of revolt. The government, however, gives this naive reason for sending the soldiers to Pinar del Rio: "The troops have been sent in the belief that the gravity of the soldiers will serve to raise the spirits of the cyclone

sufferers, and they also will benefit the suffering population by spreading their mirthful faces."

The idea of cheering up cyclone sufferers by the presence of soldiers is one peculiar to Latin America. As the afflicted country needs have nothing for themselves, it is difficult to see what they will be able to sell to the troops.—Chicago Tribune.

"Why are you disgusted, Dennis?"

"I'm not," replied the man who called a liar and the other man would have been to apologize or there would be a fight."

"And who should that make you look so sad?"

"The other man apologized."—Tribune.

COURT SINGER TO QUEEN CHARMS HEARERS WITH ROUMANIAN SONGS

MME. E. HARTWIG, who entertained the Criterion Club in Alameda yesterday.

ALAMEDA, Nov. 10.—Madame E. Hartwig, court singer to Queen Carmen Silvia of Roumania, whom Mark Twain recommended to the American people, entertained the Criterion Club in Alameda yesterday when she sang Roumanian songs full of sentiment and yearning and expressing the poetry of that far-away country, from which Madame Hartwig came six years ago. Miss Knowland accompanied Mrs. Hartwig.

Miss Lucille Knowland's house, filled with the Roumanian atmosphere with its yellow, red and blue colors and its pictures of Roumanian scenes and works of Roumanian art, was used to decorate the room, which were crowded with an interested audience.

After singing at the court of Roumania for six years, Madame Hartwig came to this country. She brought with her a letter of recommendation from Mark Twain, written at the request of Queen Silvia, an admirer of the late humorist. The letter follows:

MARK TWAIN'S LETTER.

"To whom it may concern:

"I desire to recommend Madame Hartwig to my friends and the public as a teacher of singing and as a concert vocalist. She has lived for fifteen years at the court of Roumania, and she brought with her to America, an autograph letter in which her Majesty, the Queen of Roumania, cordially certified her to me as being an accomplished and gifted singer and teacher of singing, and expressed a warm hope that her professional venture among us would meet with success. Through absence in Europe I have had no opportunity to test the validity of the queen's judgment in the matter but that judgment is the utterance of an entirely competent authority, the best that occupies a throne and as good as any that sits elsewhere, as the Roumanian world well knows, and therefore I will without hesitation and endorse it with confidence.

"I will explain that the reason her Majesty tried to do her friend a friendly office through me, instead of through some one else, was not that I was particularly the right or best person for the office, but because I was not a stranger. It is true that I am a stranger to some of the monarchs—mainly through their neglect of their opportunity—but such is not the case in the present instance. The letter is a high compliment to me—perhaps I ought to conceal it. Some people would, Mark Twain. (S. L. Clemens)"

DESCRIBES ROUMANIA.

Leon Blum, a native of Roumania, gave an interesting description of the Roumanian country.

Miss Laura Marcellus was one of the native Roumanian girls present yesterday. Miss Marcellus talked on the history of her country and its people. Roumanian punch was served.

Great credit is due Mrs. Mary Cameron Benjamin and Miss Lucille Knowland for the excellent and interesting program afforded the guests, who were among the club and guests of the day.

Mrs. Benjamin opened the program with a clever speech and concluded with an original poem.

By his abuse of his popularity and partly because of the country's apprehension that his overbearing ambition spelled danger to a democracy, paving the way to an autocracy, a one-man power, and perhaps a life presidency.

The Gauls, Royalist, thinks the Catholic Church checked the progress of Roumanian, because of the unpleasant incident with the Vatican when the colonel refused to accept certain terms as conditional to an audience with the Pope.

SCION OF NOBILITY TAKES STEPS AGAINST BOARD OF EDUCATION

James H. Todd Swears College City Officials Violate Law by Not Hoisting Flag Over Schoolhouses

James de la Montanya and Miss Jeffreys Martin Hie to Alameda and Wed.

BERKELEY, Nov. 10.—Following his threat of last Saturday that he would take action about the middle of this week against the Berkeley Board of Education on account of the alleged violation of the State law requiring the display of American flags over all school houses and inside of every classroom, James H. Todd, a retired manufacturer of this city, hired a photographer this morning to obtain a picture of Oxford grammar school, where there is neither flag nor star and appeal to Superior Judge William H. Waste, in an affidavit, relative to the importance of the statute in Berkeley.

The document sent to the jurist, accompanied by a photograph of the school house, declares that the Board of Education, composed of President Roy J. Young, Mrs. Elinor Carlisle, R. A. Berry, E. L. Loring and W. C. Morgan, has been guilty of violating the law in not causing the stars and stripes to be flown from flag poles on every school house and placed in every classroom.

Both under twenty.

The youth of the lovers was the main objection to the match in the eyes of the respective families. Mrs. de la Montanya being only 18 and the youthful groom a year older.

Not an inkling of the proceedings was known to the parents till the marriage was an accomplished fact, and a couple was telegraphed announcing the startling news at their respective domiciles.

Young de la Montanya lived with his father and grandmother at the Regulus apartments, the property of the de la Montanya family. He had been employed with J. Duggan in the real estate business in this city.

TO CLOSE DEAL.

Yesterday morning is announced to his family that he was going to Auburn to close a deal. But he left the city at 5:30 o'clock in the afternoon, when the nonchalant messenger boy brought the exciting message.

Miss Jeffreys Martin lived with her mother and stepfather at 1900 Vallejo street. Her stepfather is Moses J. Lyon, an architect with offices in the Russ building. At noon yesterday, Miss Martin left the home saying that she was going to get some theater tickets for her mother. Instead of the tickets the telegram came.

Miss Jeffreys Martin and I were married at Alameda this afternoon, James Francis de la Montanya read one message.

"Jack and I were married today. All we need to make our happiness complete is your blessing. On our honeymoon, Will write later. Jeffreys" read the other.

REFUSES THE HOME.

"They can't come back here," declared Marquise de la Montanya last evening at the Regulus apartments 1768 Pacific avenue.

"I am the boy's guardian and the only person who can interfere in his marriage," said Mrs. Frank Jones de la Montanya, grandmother of the impetuous lover. "What shall I do? Well, I want to see the girl first—but I understand that her people are rather rich and that her stepfather is a good architect."

"I don't see what I wanted to elope for," said the spokesman of the Martin-Lyon family at 1800 Vallejo street last evening. "I don't see why she didn't tell the family that she was to marry de la Montanya and then they might have been married in peace."

The young people first met in the summer while on their vacation at Los Gatos. Since then they had been constantly together, Montanya being almost a nightly visitor at the Lyon home.

Profound secrecy enveloped the preparations for the runaway wedding.

SCION OF NOBILITY.

The de la Montanya family is of noble French extraction. The head of the house bearing the title of marquis, and featuring in store for the young benedict and now enjoyed by his father. Likewise, it has achieved more than its share of notoriety. In July, 1909 Mrs. Lorena de la Montanya, divorced wife of James de la Montanya, and stepmother of the son, killed herself by jumping from a high window in a flat on Nob Hill.

James de la Montanya had shortly before been divorced from the woman and showed anything but grief over her tragic end.

The young man's mother had likewise been divorced from his father.

Third Degree Untangles Mix-Up; Bell Boy Jailed

SAN FRANCISCO, Nov. 10.—The efforts of Robert R. Seibert, a bellboy, to turn the tables on James Hostilis of 1703 Sacramento street, after the latter called to having overpowered him and taken a loaded revolver from his hand in an attempt at robbery, caused a tangle which was unraveled with difficulty by the police and finally resulted in the booking of Seibert at 2:30 this morning.

Policeman P. Crowley was patrolling Folsom street when he heard cries for help in the neighborhood. After going a short distance he met Seibert and Hostilis. The former complained that Hostilis had inveigled him to his room in the Albany house and had there endeavored to rob him.

This was strenuously denied by Hostilis, who asserted that it was Seibert who had invited him to look at some goods

in an apartment nearby, that he had accompanied him and seeing him carrying a room had found him looking down the barrel of a revolver and been ordered to throw up his hands.

BEAUTIFUL WOMAN COURTS INJURY ON FLYING RINGS AT BELL THEATER

LA BELLE MEECKER, the Parisian maid, at the Bell Theater.

One would go far to find a young woman more versatile and altogether attractive than La Belle Meecker, who is at the Bell theater this week. While physical culture is her specialty, she is gifted with a pleasing singing voice and in the opening of her act gives evidence of the fact in a breezy little song. While this is not her strong feature it is when she gets to the flying rings that one begins to take notice. Her sinuous grace, thinness and agility revealed in her marvelous gymnastic feats have won the admiration and commendation of every attendant at the Bell theater this week. In classic poses of her exquisite form, she offers a variety of graceful and difficult aerial accomplishments.

Emma Don is a male impersonator and from England. She offers a novel little act and a whole lot of clever clothes, to say nothing of a half dozen songs that go well. She is of a classed English music hall type and her act is naturally typically British.

The two Gleasons with Fred Houltham, offer a fast moving, head-bodging, song, dance and instrumental music, with something in the way of light dialogue and quick costume changes added by way of good measure. The trio has

only recently returned from Europe, where it has been duplicating its previous American successes. Celeste, assisted by Mlle Celeste in gay Russian costume, get away from the usual stereotyped wife walking act and give instead a real, lively act. They have all the tricks of the trade but in addition show many feats wholly original.

"The Italian Nightingale," so called on account of the wonderful flexibility of her voice, is attracting those who appreciate class A singing. This is the charming and cultivated Signorina Dea Venera who combines in her voice technical advantages with a natural phenomenal range. Her repertoire that all are enjoying includes operatic and classical numbers of the greatest composers.

Louis Pitzkow and Lottie Blanchard prove a lively duo in a skit that is a cut-up of everything that Pitzkow renders several of the Robert Emmett songs and his modeling is exquisite. Miss Blanchard's great feature is a duet all by herself, so to speak. Inasmuch as she sings both soprano and baritone, the effect being enhanced by her dressing herself one side as a man, the other as a woman.

Feet So Sore Couldn't Walk Down Stairs—TIZ Cured Her Quick.

If you have sore feet, tired feet, aching feet, corns, callousness or bunions, read what happened to Mrs. Crockett of Jeffersonville.

"After the second treatment she walked downstairs one foot at a time. She has not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet or what under heaven you have used, whether ice, drugs, ointment, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made and acts on the principle of drawing out all the poisonous excretions which cause sore feet. Pimples and other blemishes merely clog up the pores. TIZ cleans them out and keeps them clear. You will feel better the first time it's used. Use it a week and you can find it out over had sore feet. There is nothing on earth that can compare with TIZ for sore feet at all. Write for the TIZ to the TIZ Drug Co., Chicago, Ill. Recommend and sold by The Owl Drug Company.

PLATE OF BACON CAUSES DIVORCE

Husband Objected to Pork in Any Form and Quoted Bible, Says Wife.

C. W. McGhee's religious scruples against eating pork manifested itself about three weeks after Minnie McGhee had married him in March, 1907, when she placed bacon on the table one morning for breakfast and this was the cause of all of their domestic troubles, which culminated in a separation last June and subsequent divorce proceedings.

Mrs. McGhee has been awarded an interlocutory decree in the superior court and the custody of the infant daughter. She resides in Decoto.

McGhee forbade his wife taking any kind of pork from the house, and she tried to prove to her by the Bible that it was not fit meat for a human to eat. He tried to make her see that instead of food for cooking purposes and told her that if she persisted in eating pork he would hate her like he would a "yellow dog."

From the date of their marriage until August, 1910, Mrs. McGhee never had a marriage ceremony. A man, James, who called McGhee, to secure one from the minister who performed the ceremony, but he told her that there was no question about their being married and he did not feel like spending \$1 for a certificate. Two months after the separation Mrs. McGhee bought the certificate with money of her own.

Mrs. McGhee was asked what business her husband was in and said she could not state, because of the variety of his employment. He had a 40-acre ranch in Lake county that he was paying for in installments, owned a newspaper, a printing press, an automobile, a photographer's and photo engraver's outfit and stock in the California Horse and Land Association, and manipulated all of them to earn him \$150 a month, very little of which she ever saw.

ASKS DIVORCE FROM PHYSICIAN

Wife of Dr. Miles Charges Him With Stealing Another's Spouse.

SAN FRANCISCO, Nov. 10.—In a sensational suit filed in the County Superior court this morning, Mrs. Ethel Miles, wife of Dr. Jack C. Miles, a medical demonstrator of this city, accuses him of desertion, failure to provide, cruelty and infidelity, and expounds in detail his alleged relations with a Mrs. S. Palmer, with whom his spouse claims he toured the country for a year after he had abandoned her.

The desertion is said to have occurred June 23, 1909, and on August 9 of the same year Mrs. Miles sets forth that her husband began his relations with Mrs. Palmer, whom she asserts left her own husband and her

minor child and fled from her home, 712 Frederick street, traveling with Miles on a sightseeing excursion on this continent.

She gives it as her belief that Dr. Miles is in receipt of a monthly income of \$400, and asks for appropriate counsel fees and \$75 alimony.

In a divorce action begun this morning, Mrs. Miles charges her husband, Carl, with having practiced upon her a series of cruel acts and in August of this year chased her about the house until she was forced to take refuge in a closet. The couple was married in September, 1900, and they have three children.

SUPPORT IS REFUSED AND WIFE GETS DIVORCE

On the ground that her husband would not support her and insisted that she should go to work and earn her own living when she was so ill that she could barely move about, Helen M. Crosthwait of 909 Myrtle street has been granted an interlocutory decree of divorce from William T. Crosthwait, an advertising solicitor. The decree was entered by Superior Judge Waste. The couple were married in this city in 1898 and have one child. They separated in January of the current year.

FIGHTING MRS. WELSH DEMANDS HER RIGHTS

SAN FRANCISCO, Nov. 10.—Mrs. Hannah Welsh, who shot and painfully wounded Deputy Sheriff Jack Barr when he attempted to serve her with ejectment papers some months ago, was placed on trial on a charge of insanity before Superior Judge J. W. Coffey today. The board of insanity commissioners have already given it as their opinion that Mrs. Welsh is insane on the subject of her rights, but as she is charged with assault to murder it was deemed best to hold a formal trial before committing her to an asylum. She is fighting the insanity charge and has retained Attorney Boardman, who this morning selected the jury with extreme care.

ILLNESS OF JUROR INTERRUPTS TRIAL

The third trial of J. G. He has been a long sufferer from heart trouble and tonight's disease of the kidneys, and suffered a dangerous heart attack last night after reaching home. His condition is a peril.

NEWS OF THE OIL FIELDS

CUYAMA MOUNTAINS MAY HIDE PETROLEUM FIELDS

Traces of Oil Found in New Section and Experts File on Many Claims

BAKERSFIELD, Nov. 10.—Traces have been found in the Cuyama mountains which have led oil experts to believe there is oil in paying quantities in that region. A number of claims have been filed on and prospecting will be started this week by Midway parties.

A gusher was struck on section 10 in the Midway field Saturday by the Santa Fe at a depth of 2650 feet. It is giving a big flow, the exact amount of which has not been determined.

The cancellation of the lease obtained by Timothy Spellacy and others on section 16-23-24 has been ordered by the Superior Court. It was alleged by James P. Peck to have been obtained fraudulently.

The Lakeside Oil Company casing on section 26-31-24 will go down to 3700 feet if necessary. This well is in the Elk hills.

Articles of incorporation of the Midway Northern Oil Company were filed here yesterday. This is a company of California capitalists which was incorporated in Arizona.

The first map of the townsite of Lost Hills was filed with the Kern County Board of Supervisors yesterday.

Persons returning from the desert near Bakersfield report a great deal of activity in the way of locating land in and around Red Rock canyon. All the territory for seventeen miles around is said to be taken up and it is claimed that there are several rigs drilling, being financed by southern and northern capitalists.

It is next to impossible to get any information as to the oil going on, for those who know anything about the activity in the new prospect district refuse to talk. They are interested in one way or another and the prospecting of the government to withdraw from entry any land that looks like it might be petroleum bearing makes the desert people as weary as jackrabbits. They are living in fear that the district will be put on the withdrawal list and that the plans now under way for discovery work will be halted before work is fairly begun.

The surface indications are said to be particularly good and it is known definitely that a number of geologists have been in the district for some time. Operations have been under way also but they have been under cover and it seems that every one in any way connected with the territory is pledged to secrecy.

It is reported from Los Angeles that the Mascot Oil Company is planning to increase its dividend rate to 4 cents per share this month. The distribution to take place on November 20 and amounting to \$20.00 a share (the present rate is 2 cents) are being completed in the property and it is expected the production when these wells are completed, will approximate 100,000 barrels a month which is sold at 60 cents per barrel and worth \$60,000.

Number three well of the Ventura Oil Development Company at Piru, Ventura county, has reached a depth of 1110 feet and is passing through a formation of hard sand rock indicative of close proximity to the main oil sand characteristic of that portion of Ventura county. In No. 3 well 9% rich casing is being put in. The hole is down 650 feet. An entirely new part has just been installed at No. 2.

SUSPENDED FIRM AGAIN ON 'CHANGE

Board of Managers Reinstated Hutton & Co. of San Francisco

NEW YORK, Nov. 10.—The vote of suspension against the brokerage house of Hutton & Co. of New York and San Francisco was reversed yesterday by the board of managers of the stock exchange. This action restores the firm to the full rights and privileges of the London.

The ban against Hutton & Co. dates from May 1 of this year. It involved the suspension of the firm from the exchange for failing to comply with the rules of the organization. The original ruling was against the brokerage company, but this has now been reversed.

The ban was in question provided that no member of the exchange should be allowed to conduct a new business. It appeared that Hutton & Co. had steadily increased the salary of the manager of their cotton department in that it had a salary from \$2500 a year in 1907 to \$18,000 in 1910.

SALARY INCREASE

The board of managers of the exchange voted of the opinion that the salary increase had been given in a manner to violate the by-laws of the exchange. It was decided that Hutton & Co. should be suspended from the exchange for failing to comply with the rules of the organization.

Although the ban was reversed, the firm is still under a cloud. The board of managers has decided that the firm should be allowed to continue its business, but it should be under the supervision of the exchange.

LOS ANGELES HAS 319,198 POPULATION

Census Returns Show Gain of 216,719 in Last Ten Years.

WASHINGTON, Nov. 10.—The population of Los Angeles is 319,198 as compared with 102,479 in 1900 as announced by the census bureau yesterday.

This is an increase since 1900 of 216,719.

Last week was Director Durand's mission to announce the population of Los Angeles and San Francisco at the same time, but the routine work in the office delayed the preparation of the figures for the latter city.

I hope to be able to give out the population of San Francisco before the end of the week, was the new assurance given yesterday.

Los Angeles' increase of 216.5 per cent or from 102,479 in 1900 to 319,198 in 1910 is marveled at by the bureau men and they say that neither the southern city nor San Francisco has attempted to equal it.

When the population of the remainder of Los Angeles county is added it will have an ample total for a new congressional district within its boundaries under the new apportionment.

HOW CHRONIC COUGHS Are Being Cured by Vinol; An Account of One Case.

New Haven Conn.—I was troubled with a most persistent chronic cough for a long time and tried so many remedies and prescriptions without benefit that I was discouraged. I was persuaded by my friends to try Vinol. I must say that I had little confidence but I made up my mind to give it a fair trial. Before I finished my first bottle of Vinol I commenced to notice an improvement in my general condition. After taking the second bottle my cough left me and I must say I never felt better in my life—all due to the use of Vinol. I can also recommend Vinol to anyone in a run-down condition as the best possible remedy.

(Name furnished on request)

It is the combined action of the medicinal elements of the cods livers added by the blood making and strength creating properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis—at the same time building up the weakened run down system. Vinol contains no oil and tastes good.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. The Owl Drug Co., Oakland, Cal.

BLOODHOUNDS WILL HUNT DOWN CRIMINALS IN UNIVERSITY CITY

FEROCIOUS DOGS TO HUNT DOWN CRIMINALS

Two of the Animals Obtained and Put in Keeping of Policeman.

BERKELEY INTENDS TO BE RID OF MALEFACTORS

Canines Will be Held Ready to Chase Burglars and Footpads.

BERKELEY, Nov. 10.—The evolution of municipal administration in Berkeley is something like this: Evolution of the sale of intoxicants.

Adoption of a new charter, with a commission form of government.

Adoption of the golden rule in the police department.

Barring of dogs from the thickly settled parts of the city.

Licensing of all dogs, whether kept at home or allowed to stray.

Maintenance of bloodhounds for the pursuit of criminals.

To the State University city one must look for the last word in the running of a municipality.

The very latest addition to the police department is a pair of bloodhounds, which were used for the first time yesterday in North Berkeley in an effort to locate the trail of the thug who held up George Sturgeon, near Indian Rock Park. The fact that rain had obliterated the scent, of which the dogs were in search and the first hunt failed does not mean that the animals will not be on the job hereafter when there are culprits to run down.

MUST BE FREE OF CRIME

The city of college savants and new kinks in local government is determined to be clean and free of crime if it has to use bloodhounds in the attempt. Fear of the Berkeley police force already has been properly instilled through publicity among the traveling fraternity of offenders, but now that the word has gone forth to the regimens and hold-up artists that two savage bloodhounds are straining at their leashes, ready to take the long trail after the guilty, there is going to be some deep weighing of the situation by criminals before they venture into Chief of Police Vollmer's bailiwick.

For be it known that the bloodhounds are to be kept right here in Berkeley, at the home of one of the officers, ready for instant action. Chief Vollmer announced this morning that the animals would be employed wherever opportunity offered for running down a law-breaker that was worth chasing.

DECIDED A YEAR AGO.

It was decided a year ago that bloodhounds would be used in the force, but it was not feasible to house the animals in Berkeley at that time. The dogs which were used yesterday, and which will be guarded at the home of one of the policemen, are the property of Frank De Pue, head of the state identification bureau in San Francisco.

He offered last year to permit the Berkeley police department, of which his son, Frank De Pue, Jr., is a member, to make use of them, but Chief Vollmer did not make arrangements for keeping the blood-thirsty animals until a few days ago. Even now he will not make public the location of

MACCABEES ENTERTAIN IN BERKELEY TONIGHT

Great Commander S. W. Hall and other supreme officers in the order will be present. At a banquet which will follow the meeting speeches will be made by S. W. Hall, E. M. Guthrie, J. L. Fine and H. L. Tinkler. A class of fifteen novitiates will be initiated.

AGED RESIDENT OF BERKELEY DEAD

BERKELEY, Nov. 10.—Alfred Gilmore, 87, a resident of this city, died at his home, 1810 Woodley street, South Berkeley, yesterday, at the age of 87. He was a native of Belfast, Ireland, and came here many years ago. His widow, Mrs. Katherine Gilmore, and three children, Miss Lillian, Mrs. George W. Charles, and Mrs. George W. Charles, are survivors.

Berkeley Society

BERKELEY, Nov. 10.—Cards have been sent out by Mrs. Paul O. Tietjen and her daughters, Miss Hazel and Miss Ida Tietjen, for a dance to be held at the ballroom of the Claremont Country Club, which will be the scene of the affair, for which a large number of invitations have been issued. College friends of the young hostess have been included in the guest list. The ticket price is \$2.00.

WE'RE ALL FOR YOU, CALIFORNIA!

We're all for you, California. And to you we'll ever be true. We'll now fight for our California. And stand by the Gold and Blue. We'll honor our Alma Mater. And sing aloud her praise. The girls Golden Bears. Will smile out from their hair. Thru all our coming days.

We're with you, California! So fight for the Gold and the Blue. We'll be for our California. And all of her sons so true. Bring fame to our Alma Mater. Down with the Stanford Red. The girls Golden Bears. Will come out of their hair. And all around the field we'll tread.

HURRAH FOR CALIFORNIA!

As our men come running out upon the field. The Cardinal already seems to yield. Our men are fit and trim. And glad up to the hilt. With confidence for colors that we wear. As the starting whistle pierces thro' the air. We know the game is really on for fair. Our men are fighting hard. To gain a single yard. They have the dust spilt to and dare.

Chorus.

Hurrah! hurrah! hurrah, the hills resounding. The spirit of the game stirs everyone. Our hearts are beating fast. Our men are going fast. We're in the game, yes every mother's son. Hurrah! hurrah! hurrah, the ball goes bounding. The Cardinal chance of winning now is gone. Hurrah! hurrah, hurrah for California. As our band goes playing on.

Spellbound Is Asked to Carry 111 Pounds, While Redeem, Well Fancied, Will Pack 90 Pounds; R. J. McKenzie Bringing 20 Speed Burners

MARTIN NATHANSON made known the weights to be carried by the entries in Opening Handicap at Emeryville Saturday afternoon, when the thoroughbred sturt the 1910-1911 season of the California Jockey Club.

It was expected among the horsemen that Bubbling Water would be given the top weight, as she has often demonstrated her class at various distances on the local track. Bubbling Water is asked to carry 117 pounds, the exact weight that was allotted to her on her last appearance at the track. This race was over nine furlongs, and the performance of the Molera and Joseph mare is well remembered.

She was right on top of the terrific pace all the time and breezed home a winner in the wonderful time of 1:50 2-5. A short time before this Bubbling Water won a mile sprint in the clever time of 1:39 4-5. At that, Bubbling Water is a doubtful starter. Her long let-up during the summer has undoubtedly done her a lot of good, but she could hardly be expected to come out of retirement and give a tussle to six or seven well-seasoned animals.

The mammoth establishment of R. J. McKenzie is due from Canada on the 20th. There will be twenty head and they will be stabled in Sam Hill-dreth's old barn.

Jack Clifford is planning to start one of his seven two-year-olds in the five furlongs purse event for colts and fillies of that age. All that bothers Jack is to get hold of a jockey that can do around 100 pounds.

The fact that the weather man changed his mind and brought forth a warm, sunshiny afternoon yesterday, set off upset many calculations that had been made by the horsemen.

Those who own the mudlarks were "ticked to death" to think that all sign pointed to a sloppy track, but if the weather continues like it was yesterday they will be sorely disappointed.

M. C. Pritchard's speedy track Spellbound seems to be the choice of nearly every man who visited the track yesterday afternoon and the price of the stable gave a good account when called upon to travel around the circle, doing the last six furlongs in the clever time of 1:11 2-5.

Veneta Strome, from the same stable was breezed by a heavy exercise boy and made a very impressive showing. Either of these two will sport the Pritchard colors—Spellbound if the track is heavy or sloppy, and the mare if the going is good and dry.

Jockey Archibald has been selected to ride the gelding at this time, but a wire has been sent to Davenport to hurry here and if he gets in on time he will have the leg up.

TURF GOSSIP

The clever little filly Redeem was breezed over the track with her allotted weight and gave a good account of her self though her owner is somewhat dissatisfied with the weight she is to carry.

The early fall birds are strong to Arasee to win the Opening handicap and the \$1000 that goes with it. Yesterday under wraps he breezed a quarter of a mile in 22 2-5. Jockey Bedell, who won the Brooklyn handicap last year, has been selected to ride Arasee.

The Hurry Payne Whitney cast-off Sea Cliff, went the distance once around the track in the impressive time of 1:44. Sea Cliff is a good goer in either mud

Eyebright, a Speedy Trick That Will Sport Silk at Emeryville.

CENTURIES TO LINE UP AGAINST THE MARINES

The American football team of the Century Athletic Club will line up with the strongest team they have ever put in the field against the U. S. Marine Corps. Incell, Kiser and Burns are conceded to be the strongest back field on this coast playing American football.

Their game with the U. S. Marine Corps on Sunday afternoon at 2:30 at Grove street park will be played with the new 1910 rules, which do away with a great deal of the heavy mass plays and afford a much more spectacular and interesting game to the grandstand.

Latest reports from the Marines' headquarters at Mare Island indicate that their team is in the pink of condition. Although they acknowledge their expectation of a very hard contest, they express every confidence in their ability this year to take Century's measure, and if they fail it will not be for lack of determination or the backing of their navy admirers.

BRUNNER DEFEATS DR. BURNS EASILY

Brunner defeated Dr. Burns at Wright's billiard theater, San Francisco, last night in a long, drawn-out game by the score of 200 to 174. This was Brunner's even terms for first place with Chapman. The leaders are scheduled to play off the tie Monday night, which contest will decide the class B billiard championship. The winner will receive first money and will be credited with a victory on the championship trophy offered by the billiard table concern to the player winning three tournaments. Brunner already has one to his credit.

The champion was lucky to win from Burns, as he was in poor form, and the only thing that saved him was the complete Club's erratic playing. Tonight French will play Davoust.

Harris and Dennis Signed by Moffitt

The Oakland Wheelmen Club has completed its card for next Tuesday night at Piedmont pavilion. Yesterday Match-Maker Mel Moffitt secured Frankie Harris and Eddie Dennis for the six-round special event, making two six-round special events. The four-round preliminaries and the two-round main event between Roy Moore and Harry Dell.

HENDERSON AND HOGAN WILL RACE STRIP AT EMERYVILLE

Henderson and Hogan, the Kentucky owners, will race their entire string at the Emeryville track. This means that they will have the most extensive stable in California.

Originally it was announced that a part of the stable would be sent to Juarez in charge of Miller Hendon and that the other division would come west with some other trainer. Jack Keene brought word that the stable would be shipped to California. Three carloads will come to the Oakland track, while another will go direct to Santa Anita at Los Angeles.

In the latter shipment are yearlings that will be fitted for a juvenile race to be run after January 1. The Emeryville engagement will consist mainly of older horses, there being only six yearlings in the lot.

When Keene arrived at the track he made arrangements to secure stabling accommodations for the extensive string. The owners also agreed with J. N. Camden and J. O. Keen to allow their second call on the service of A. Thomas, the clever colored light eight.

There are some high-class performers in the Henderson and Hogan stable. Many of them raced on the metropolitan tracks during the summer months.

Jack Dineu arrived yesterday from Helena. He reports that a number of studs will come to Emeryville from the northwest. G. M. Gray, who has applied for stalls, has some colts imported from England. They are all horses imported from England.

ATTELL TO FIGHT CONLEY. KENOSHA, Wis., Nov. 10.—Arrangements have been made for a fifteen-round fight between Ed Attell and Conley at New Orleans next Sunday at noon.

MORAN AND ATTELL ONCE MORE BOX TO A DRAW

PHILADELPHIA, Nov. 10.—Owen Moran and Alie Attell met once again in the rapid action here last night and the result was the same as in previous bouts between the two—a draw.

Neither man tried to win, and yet they did a lot of clever things in the ring. Attell did his part better than Moran, and occasionally put in a little jab that woke up the Englishman and made him show action, but neither attempted to take any unfair advantage over the other.

The spectators did not like the bout a little bit and were not slow in showing their disapproval in hoots and cries of derision. The people became so noisy that Referee McGulgan, just after the termination of the fifth round, addressed the galleries from which most of the hooting came, and attempted to make the people believe that they were getting their money's worth.

Charley Harvey, manager for Owen Moran, issued the following statement after the bout: "I am well satisfied with the decision and with Owen's condition, and we will leave for the coast at once. Moran will be in fine fettle when he meets Nelson in San Francisco the latter part of the month and look to him to come a winner."

The Baseball Writers' Association is thinking of petitioning San Jose to appoint Harry Dineu a umpire regardless of his record in discharging him.

BIG JIM IS STILL HARPING ABOUT BEING DOPED AT RENO

Jeffries Cannot Get Idea Out of His Head and Causes Fight Fans to Again Grin; Oakland Wheelmen to Arrange Classy Card

By EDDIE SMITH.

FROM the south comes the wall of the "dope" story again. This time it has been resurrected as a counter to charges that have been made by John L. Sullivan that the Johnson-Jeffries battle at Reno was arranged for the white man to lose, and that Johnson ran out at the last moment, thus causing Jeffries the nervous breakdown he suffered. Jeffries does not mind words when referring to Sullivan's statement and calls him a big bluffer and a knocker who stands alone in his class.

It is not really Sullivan who has been doing the whispering about the Johnson-Jeffries contest; it is his manager, Hall. For some reason Hall got the idea at Reno that the contest was a prearranged affair, and at every opportunity he let some one in on the great secret.

Hall is one of those kind of men who persists in whispering secrets into your ear, pledging you to keep it quiet, and then passing on the news, feeling low, giving him the same story. In fact, after Sullivan and Hall had been at Reno for a short time he became known as the official secret peddler and the newspaper men had their fun with him. Hall would catch one of the crowd off by himself, and right then you had to suffer five or ten minutes' conversation in almost a whisper relating to the suspicions that he had regarding the battle.

The inside information that Hall had regarding the contest was, of course, just like the majority of the scoundrel's information. Hall heard Mr. What-you-may-call-him say to Mr. So-and-so that he heard from Mr. Oh-you-know-who-I-mean that he heard from a very reliable source that Mr. The-ga-na-jig had heard from a friend of one of Johnson's trainers that he had promised Mr. Always-in-on-the-wise to let him know how the contest would go and in how many rounds he would win or lose.

From the time Hall arrived at Reno he started to get people and himself in bad, and he was really fit to be put in Sullivan's troupe at the Jeffries camp.

Old John L. must have his little knock on the present day boxer and he must insist that he is the greatest of all great fighters. When Sullivan was in Oakland we gave him all that we believed was coming to him as a great pugilist.

He was a great fighter, and we are still unsatisfied in chasing his praise. That John is making a great mistake in his whispering about the Jeffries-Johnson scrap there can not be the slightest doubt. There is no more reason to believe that the Jeffries-Johnson match was a frame-up at the last moment than there is to believe that the Sullivan-Corbett affair at New Orleans was.

In fact, if the argument was advanced as to which would give the most cause for suspicion, there is ample reason to believe that the Sullivan-Corbett affair was the most suspicious, and yet we are positive in our declaration that we don't believe it was. Sullivan did not train as he should have for that contest, whereas Jeffries simply "outured" himself with hard work and severe training.
